

Ultimate Game Cheat Guide - 100% Totally Legit

Version 1.0 - For the Elite Gamers Who Win by Not Playing Fair (But Still Lose)

Pro Cheat #1: ALT + F4 for God Mode

Become invincible instantly! Works especially well in online matches. Just press it once and never die again.

(Note: Side effects may include permanent logout.)

Pro Cheat #2: Stand Still to Confuse Enemies

Advanced AI and real players are thrown off by your refusal to move. Standing still = psychological warfare.

Truly a 5D strategy.

Pro Cheat #3: Brag in Chat Before Winning

Telling everyone "EZ" or "you're trash" before the match ends gives you +50 confidence, -500 respect, and a 100% chance of getting reported.

Pro Cheat #4: Install 99 Mods, Then Blame Lag

Crash your game into oblivion, then tell your team it's the server's fault. Bonus: blame your little brother for good measure.

Expert Tip: Real Skill > Cheats

Try this cheat code:

/train -everyday -noexcuses -gainskill +respect

Disclaimer: This guide is for entertainment purposes only. If you're actually trying to cheat, we hope your keyboard runs out of keys and your mouse grows sentience and reports you.
